Forecast for Tuesday 20 Oct 2020

Weather: Cloudy with further heavy rain in the early hours. The rain becoming lighter in the morning before it dies out for a time in the afternoon with the sun breaking through in places. Then further showery rain spreading from the south towards late afternoon and lasting through the evening with some becoming heavy at times once more.

Chance of cloud free mountain/hill tops above 800m: 10% overnight and in the morning with extensive cloud at this level, chances improving to 50% for a time in the afternoon before falling to 20% by evening as cloud returns and lowers in the rain.

Visibility: Good for a time in the afternoon but moderate to poor at other times in the rain.
